## TERMS OF SALE

1. This sale is an unrestricted Public Auction and Mail Bid Sale. All bids are to be entered by lot as numbered in this catalogue. Mail Bidders should feel free to bid as much as they wish knowing that we will buy the lot, if possible, below their bid. Thousands of bidders to KATEN SALES can attest to this statement.
2. Prices given following lots are estimates of today's market, and only intended as a guide. You may bid higher or lower as you wish.
3. Auction Sales are not approval sales. By submitting your bids you agree to the Terms of Sale herewith set forth. No lot may be returned without written permission, and request must be made within three days after receipt of material.
4. No commission, service charge or other extras will be made for executing your bids. Only the actual cost of mailing and insurance/registration will be made. On books we charge 50¢ per lot (Others charge \$1.00) with added cost when a number of books are on the same lot. We use discretion and never overcharge you.
5. Bidders unknown to us must furnish references two weeks before the sale date or send a deposit equal to 25% of their bids. Bids will not be executed unless this is followed.
6. Sales are strictly for cash in U.S. Funds (unless other arrangements have been made). Payment must be made immediately upon receipt of notification or delivery.
7. All books are as described. The actual title in a foreign language is given - the cataloguer interprets the title and is in parenthesis.
8. We acknowledge the possibility of errors or typographical mistakes, and any errors or mistakes on our part will be corrected. Please be careful in placing your bids, as we cannot be responsible for your errors. We instituted the duplicate bid sheet 30 years ago for your protection.
9. Please allow at least three weeks for delivery of lots as this sale of such great magnitude requires much time for careful checking and packing.
10. A list of PRICES REALIZED will be published about two weeks after the sale. By marking your bid sheet or ordering before the sale date, the price is \$5.00. This catalogue and price list could prove to be a worthwhile bibliography of numismatic books at today's market.
11. Lots delivered in the State of Maryland are subject to 5% Sales Tax, and will be added to the invoice.

ALL MATERIAL IN THIS SALE WILL BE AVAILABLE FOR INSPECTION

Continuation of Consignment C

This is the library of the late RALPH S. WALKER. The prev-listings are lots 307-364 covering his Periodicals, many of them in bound condition. This library is indicative of the extant of Mr. Walker's contribution to numismatics. He has been a contributor to all U. S. numismatic publications, he has written a number of books or pamphlets. His field was ancients and mediavale. He was a scholar and linguist, perhaps emphasizing the Balkans, Russia and Islamic. Later in this catalogue we shall have separate catagories for books in Russian and Mediavale. Perhaps the first time in United States Auction Catalogues. We start, of course, with his books on General subjects:

(Fourth edition) Rome, sumptibus Caroli Barbierini & Venantii Monaldini, 1743. 3 VOLUMES, 4to. titles printed in red and black each with an engraved vignette, numerous other vignettes throughout as head and tailpieces, 356 fine engravings of coins and medals in the text, xl, 347, vii, 452, viii, 372pp. contemporary English (?) calf, spines gilt on morocco labels. An exceptionally fine set of what is regarded as by far the best edition of this book. The illustrations and	

typography are pleasing to the eye, the whole work being in every way a far more pleasing polished effort than earlier editions. The engravings are by J. B. Sintes and the editing and revision was undertaken by J.F.Baldini, Vaillant himself having died in 1706. Renauldin (p.260) agrees that Baldini's edition "est incomparablement meilleure que la premiere". Lipsius records the earlier editions of 1674, 1692 and 1694. Hir p.312, Hen 187. 250.00

THE NUMISMATIST

**COMMEMORATIVE MEDAL FOR THE NORSE-AMERICAN CENTENNIAL.**

Instead of the usual half dollar, a medal was authorized by Congress to commemorate the arrival of the first shipload of Norse immigrants to America, the anniversary of which was recently celebrated in Minnesota.

The obverse shows a full-length figure of a Norwegian Viking, with helmet, sword and breastplate, a Viking ship in the background. Above, "Norse American Centennial." The dates, "1825" "1925" are separated by the standing figure.

The reverse shows a larger Viking ship. Above, "Authorized by Congress of the United States of America." Below, "A. D. 1000." At left, "Opus Fraser."

The medal is octagonal in shape, is struck in silver, and is size of illustration. An issue of 40,000 was authorized.

P.S. The average price for uncirculated is about \$60.00 for either the thick or thin.
